

EU legislation concerning culture and human rights

In disaster management, however, it is not immediately clear what cultural aspects or activities are incorporated into the civil protection framework in Europe, as there is no unified policy or guidelines in this regard. It is however notable that both institutions have through legislative, financial, and research activities, participated in several projects for protecting cultural heritage from disaster. The EU Civil Protection Mechanism also includes a module on cultural competencies in its training programme.

Note: See source document for full reference.

Applicable to:

Stakeholders: [Customs/traditions/rituals](#)

Disaster Phases: [Preparedness](#), [Response](#)

Types of Actors Concerned: [European Civil Protection Mechanism](#)

Hazards: [Natural hazards](#), [Man-made non-intentional hazards or emergency situations](#)

Recommendations:

- [Employ an overarching rights-based approach in disaster policies and operations](#)
