

Adopting a proactive approach in taking decisions and action in Bangladesh

In Bangladesh, in the city of Chittagong, the communities were assisted to adopt a proactive approach in taking decisions and action, with the active participation of all the stakeholders, especially the vulnerable individuals, involved in training activities. Moreover, information, education and communication material was developed to disseminate the standing orders on an early warning system to the community including the most vulnerable citizens.

Note: See source document for full reference.

Applicable to:

Stakeholders: [Educational system](#), [Communication](#)

Disaster Phases: [Preparedness](#)

Types of Actors Concerned: [Non-active citizens](#)

Hazards: [Natural hazards](#)

Recommendations:

- [Foster the adoption of a culture of disaster prevention and resilience by informing and motivating citizens to take action](#)
